*10:10 a.m. CDT, July 23, 2013*

The Fine Line Creative Arts Center students, artists, board of directors, staff and volunteers deeply thank the Community Foundation of the Fox River Valley for recently awarding Fine Line a \$20,000 grant to be used towards the cost of installing lighting at the arts center's brand new entrance and expanded parking lot.

The Foundation's generous donation assists Fine Line in providing students with easier accessibility to the arts center's studio classrooms and gallery, as well as providing increased security after hours.

Located in St. Charles since 1989, Fine Line is one of only a few nonprofit art centers in the country where internationally known artists teach a variety of workshops, and to where members and students come from surrounding communities as well as from across the country.

Through generous donations like this from the Community Foundation of the Fox River Valley, Fine Line can continue to promote public awareness of the arts, support art experiences, and nurture the creative spirit within a comfortable, inspirational environment.

The Community Foundation has been awarding grants to local non-profit organizations since 1948. To learn more, please visit: [www.CommunityFoundationFRV.org](http://www.CommunityFoundationFRV.org).

Fine Line Creative Arts Center is located at 37W570 Bolcum Rd., in St. Charles. Hours are 10 am to 5 pm Mondays through Saturdays, and visitors are welcome any time. For more information, please visit us at: [www.fineline.org](http://www.fineline.org).
