

Community Foundation in grant to MHFV

June 28, 2013

Dear editor;

The Community Foundation of the Fox River Valley recently awarded a grant of up to \$3,000 for technology enhancements for the Maternity Homes of the Fox Valley (MHFV). The grant enables MHFV to purchase computer equipment and software needed to manage all processes and keep track of out-

comes.

The Community Foundation of the Fox River Valley is a non-profit, tax-exempt philanthropic organization that administers individual charitable funds and distributes grants and scholarships to benefit the citizens of the Fox River Valley in Illinois. Further information about the Community Foundation is available

at www.CommunityFoundationFRV.org.

Maternity Homes of the Fox Valley is a privately-funded, independently-governed 501(c)3 with a mission to enact Christ's love by providing a path to a safe and nurturing home environment, education opportunities and additional resources for pregnant girls age 12 to 17 who are facing homeless-

ness or poverty as a result of choosing life for their babies. Individuals open their homes to teens with unplanned pregnancies, providing a stable environment under a loving roof for the girl and her baby to grow, learn, and prosper. Donations can be made and more information is available at www.MHFV.org.
